

Android OS 7, Huawei: Registrazione manuale su rete WIND

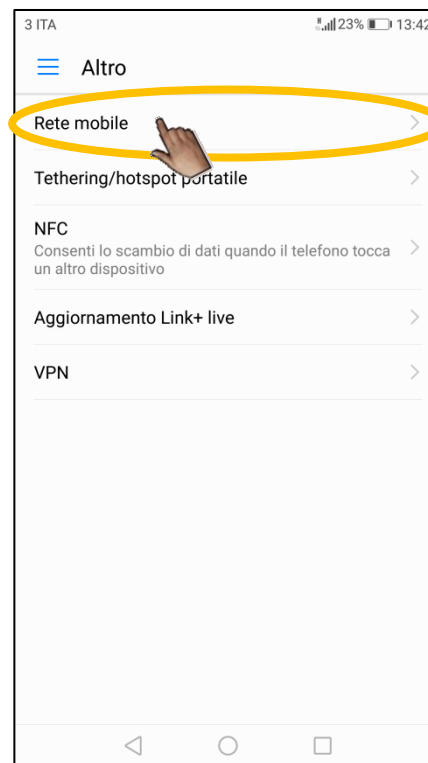

Dalla schermata principale, scorrere verso il basso la **barra delle notifiche**

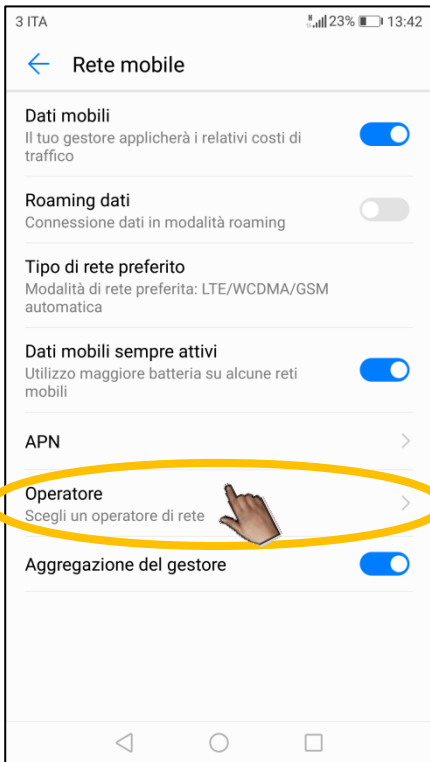

Cliccare l'icona rotella per aprire le **Impostazioni** del telefono

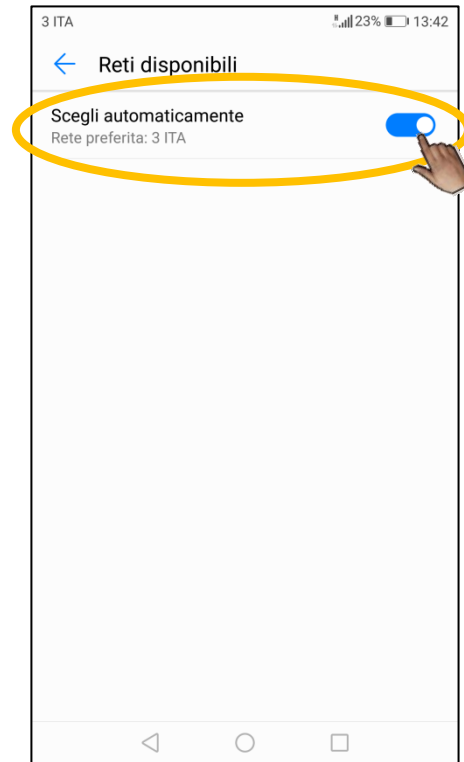

Selezionare **Altro**

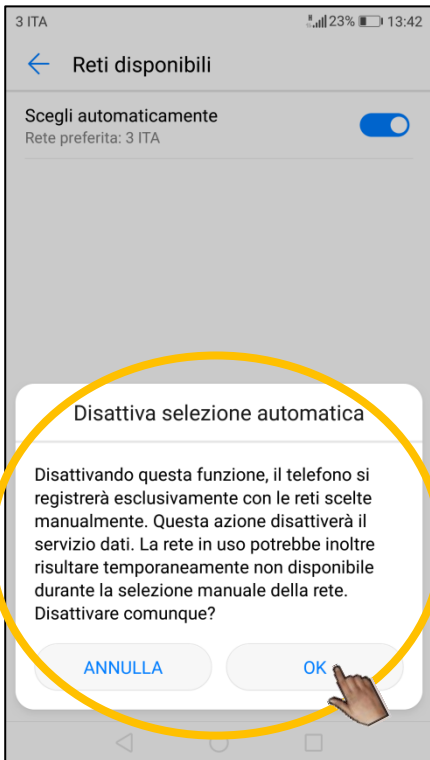

Selezionare **Rete mobile**

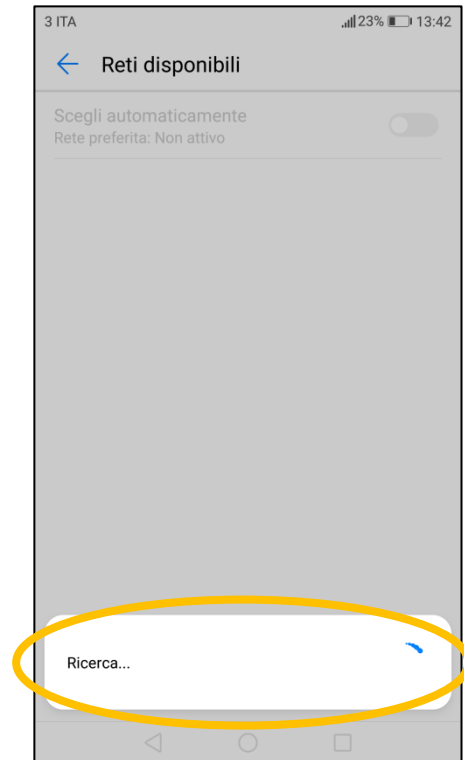

Selezionare **Operatore**

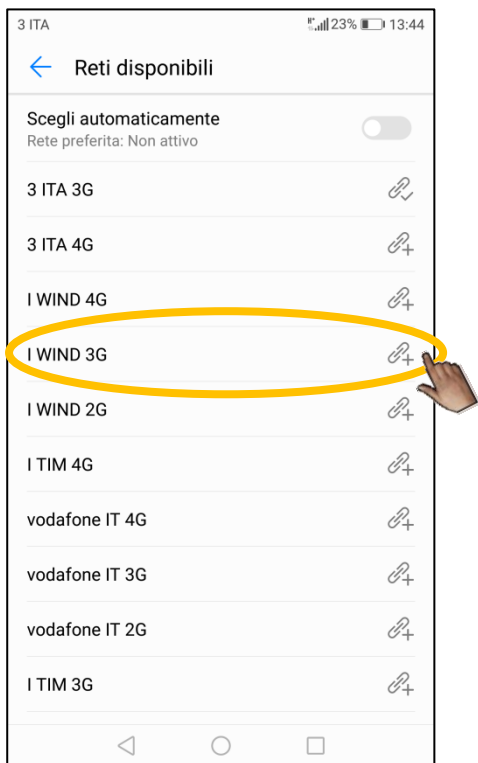

Cliccare il pulsante per disabilitare la voce **Scegli automaticamente**

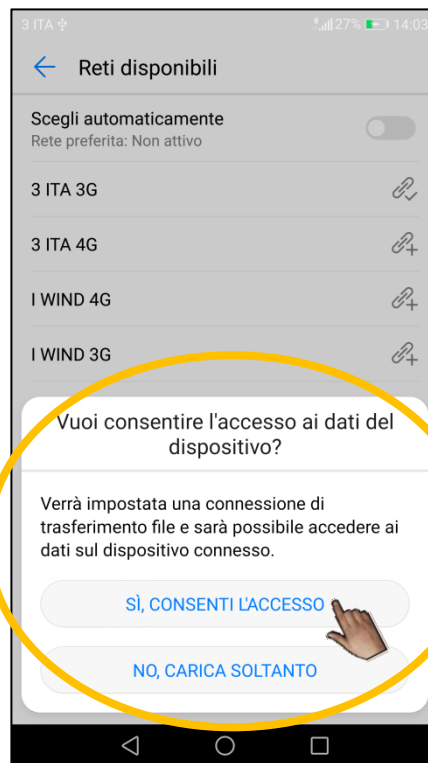

Nel pop-up che compare, cliccare **OK**

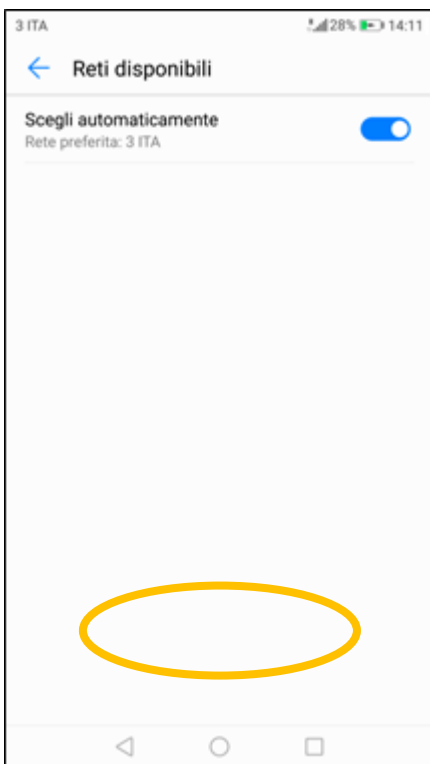

Attendere l'operazione di ricerca rete

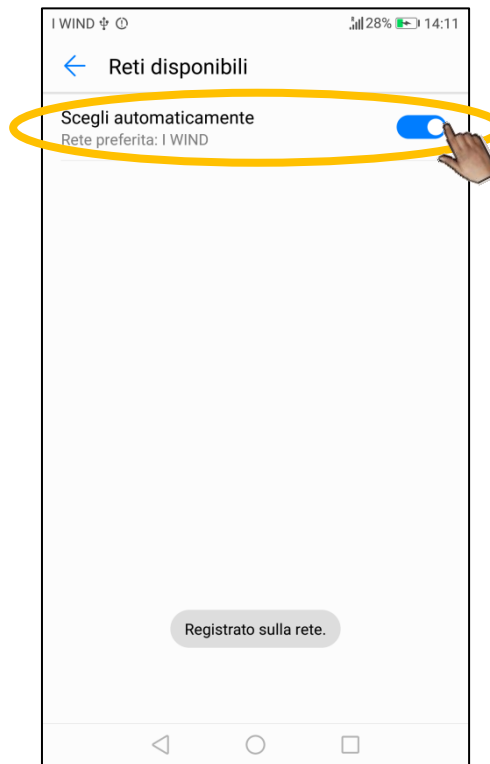

Selezionare **I WIND (3G)**

Nel pop-up che compare, cliccare **SI, CONSENTI L'ACCESSO**

Alla comparsa del messaggio di conferma, **il telefono è configurato sulla rete WIND**

Qualora risultasse disattivo, abilitare **Scegli automaticamente**
